Distiller's notes

BOTTLED-IN-BOND WISCONSIN STRAIGHT BOURBON WHISKEY

A classic Bourbon, made from white corn, rye, and malt, aged in charred Wisconsin oak barrels.

STORY: For this Bourbon, Distiller Tom selected Bottled-in-Bond to highlight each harvest, like how we as winemakers highlight each vintage. This recipe harkens back to the property's history pre-prohibition, by using white corn and a higher malt content that would be more typical of that period. As a result, each release will have slight variances due to both the unpredictable nature of farming and our hands-on production practices.

DISTILLED FROM: "Sweet mash" of 75% white corn, 10% rye, and 15% malted barley

DISTILLATION METHOD: Single distilled using our Vendome with batch Column

AGE: Over 6 years in 18 month seasoned, toasted then charred, new Wisconsin oak barrels

FILTRATION: Non-chill filtered

SERVING: Perfect for sipping, or to use in in classic whiskey cocktails

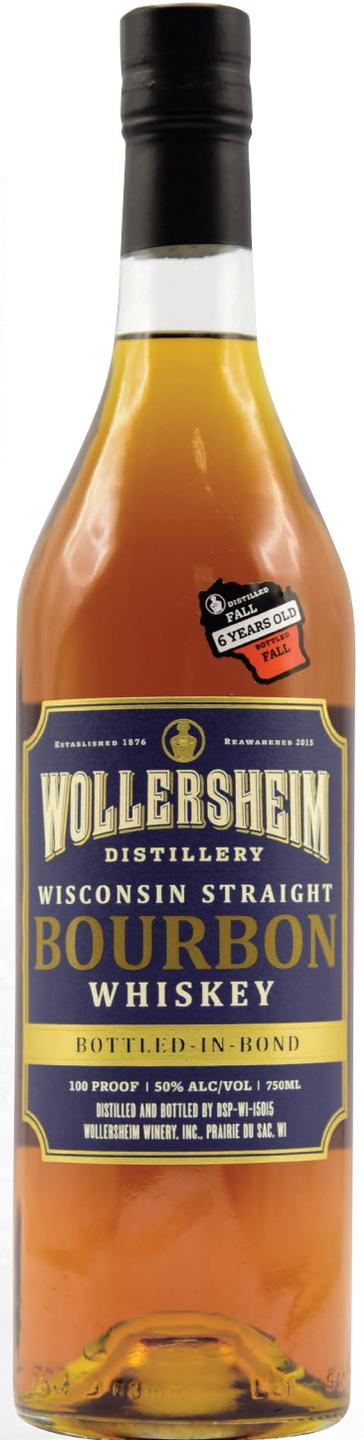

BOTTLED-IN-BOND: The Bottled-in-Bond act of 1897 guarantees genuine, unadulterated spirits from one distillery, produced in one distilling season. This Bottled-in-Bond Bourbon is bottled from a limited selection of barrels distilled and barreled in the same season, showcasing the flavors of each harvest.

ALCOHOL: 50% alcohol by volume (100 proof)

AWARD:

Silver [87 Points] - 2021 Tastings.com

Bronze - 2021 American Craft Spirits Competition, Louisville, KY

DISTILLER TOM LENERZ AND WINEMAKER PHILIPPE COQUARD BRING A WINEMAKING APPROACH TO THE SPIRITS WITH ATTENTION TO TERROIR, SLOW FERMENTATIONS AND QUALITY OF WOODS SOURCED FOR BARREL AGING, RESULTING IN THIS FINE SPIRIT.
