RED, WHITE & BLUE AMERICAN WHISKEY

A limited release product supporting Wisconsin Veterans, this year's release benefits Wisconsin Veterans, split between Veterans Care Trust Fund and Badger Honor Flight.

STORY: In honor of our nation's flag we have created this truly unique whiskey. The grain blend consists of three colors of red (41.5%), white (40.9%) and blue (17.6%) corn mixed to match the percentages of color on the American flag. It is then rounded out with rye and malt. This whiskey ages in Wisconsin oak barrels before being bottled on-site.
