

## Winemaker's Notes

## STRAWBERRY BLUSH

grape wine with natural strawberry flavor

Each year, the community of Cedarburg celebrates the harvest of the local strawberries with a festival. Farmers bring their fruit downtown in late June for the enjoyment of all. We are proud to feature this wine as part of the array of strawberry delights. It starts with a base wine of Seyval and Vidal grapes to which we add fresh squeezed strawberry juice. It has the freshness and sweetness of a perfect freshly picked berry.

Strawberry Blush is a refreshing summer treat before dinner, with dessert or on ice. Enjoy all summer long!
